<b>30<sup>th</sup> May 2012</b>	<b>Abstracts Submission Opens</b>
<b>30<sup>th</sup> June 2012</b>	<b>Abstract Submission Deadline</b>
<b>15<sup>th</sup>-17<sup>th</sup> July 2012</b>	<b>Notification of Accepted Abstract</b>

### Instructions for preparing your Abstract

There is a limit of 500 words for the main abstract text, excluding title, authors and affiliations.

Please prepare your abstracts carefully and according to the following instructions:

**1.- Register**

**2.- Log- in** using your user ID and password and submit your abstract using your user profile. You will be able to submit as many abstracts as you need using your user ID and password as many times as you need.

**3.- Please select or type the information required in each field, including:**

Title of the work. Please use capital letters only.

Preferred type of presentation. Please select if you prefer to present your work as or presentation or poster or if you do not have a preference. Please note that the scientific committee of the congress will take the final decision on this. Maximum size: 10 MB. Format allowed: doc, pdf and jpg.

Abstract text. Please summarize here the main findings of the work using a maximum of 500 words. We recommend this information to be divided into the following sections: Introduction, Methods, Results, Conclusions and Acknowledgements and References ( if applicable).

Number of Authors of the abstracts. Please select the number of authors from 1 to 10.

Authors. Use the Family name and Initials of the first name for each author (i.e. Smith JE). Include the institution and department (if applicable) for each author using the fields available.

Session where you prefer your abstract to be presented. Choose the specific session in which you would like to present your work. If your work could be presented during several symposia, choose that one which works first more properly. Please note that the

scientific committee will take the final decision and could assign your work to a different session.

Keywords. Include here 1-3 keywords related to your work that will help the congress organization to properly categorize your work that will help the symposium organization to properly categorize your work.

- 4.- Submit your abstract using the “submit” icon. After this, you will be able to submit a new abstract or log- out the abstract submission system.
- 5.- If you have any questions or if you want to modify something, please address all your queries to [sebdgranada2012@mci-group.com](mailto:sebdgranada2012@mci-group.com)
