Hotel H10 Port Vell

Pas de Sota Muralla

The hotel is close to the yellow metro line Barceloneta. It's about about a 12–25 min walk to the CRG/PRBB (walking along the beach takes longer—but of course is nicer). Otherwise, you can take the yellow metro line to Ciutadella/Vila Olímpica.

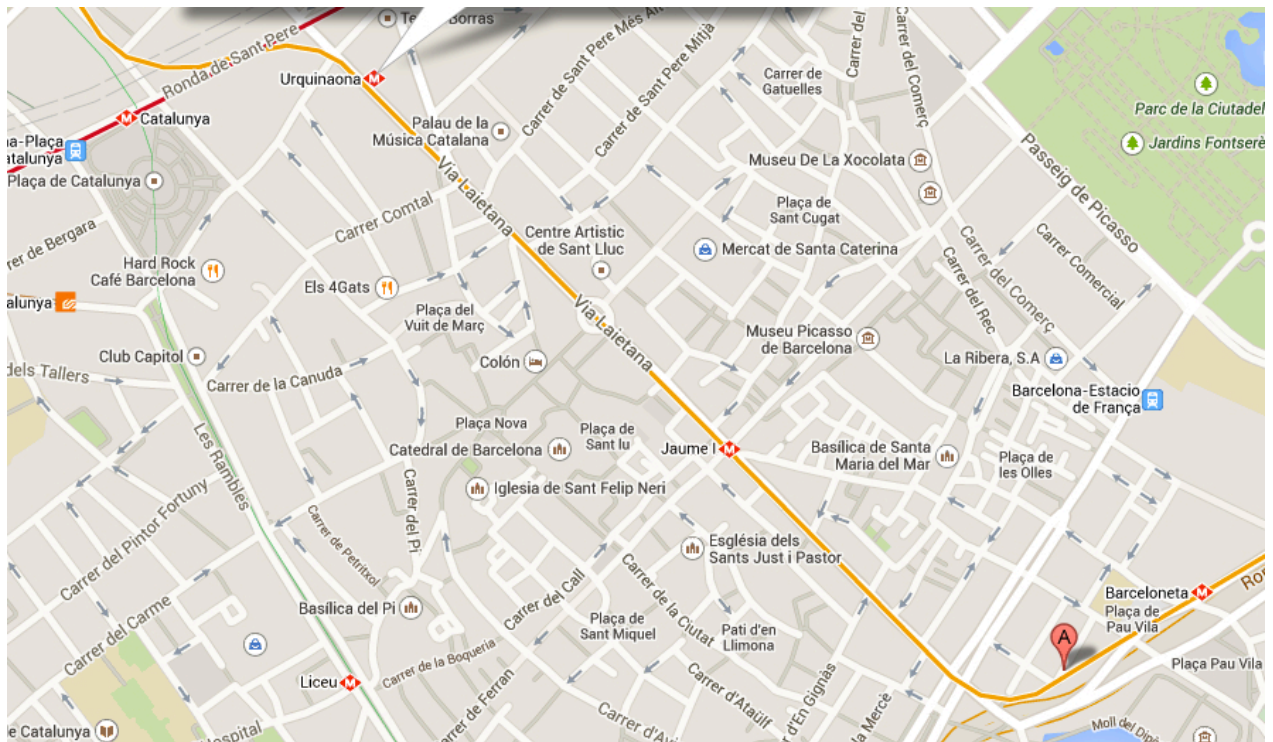

Transport from airport

AeroBús (airbus): 5.90€ These buses are very frequent (every 5–10 min), fast, and comfortable. You can pay on-board with 20 Euro bills or less. Get off on the **last stop** at Plaza Catalunya.

<http://www.aerobusbcn.com>

You can walk from Plaza Catalunya to the restaurant the first night.

To get to the hotel from Plaza Catalunya, walk to the Urquinaona metro yellow line (about 1 min) and take the yellow metro line to the Barceloneta metro stop; the hotel is about a 4 min walk from there. (Or walk directly— about 30 min).

Taxi: The fare to the city should not be more than **35€** (taxis in the city are around 6–9€).

Metros and buses: The easiest is to buy a T10 ticket (9.95€) for 10 trips (one ticket can be used for multiple people) for traveling by metro and buses. You can only buy it in the metro stations. Otherwise, you can always pay for a single-trip (2.15€) ticket directly on a bus or to get into the metro station.

CRG/PRBB

Our meeting will be in the **Sala de Juntas**, on the 4th floor of the PRBB in the front (near the evaluators, next to the reception).

The coffee break will be **outside** on the 5th floor terrace.

You have to register at the reception to enter the PRBB, but they will have your names.
